

DATA SHEET MS0602K

Manual 60 mm 2-leaf door for cold room

MS0602K is a robust and reliable manual sliding door for refrigeration.

This sliding door is insulated with 60 mm fire-retardant polyisocyanurate foam, which makes it ideal for use in cold rooms where high demands are placed on food quality, shelf life and hygiene. It is a robust door that has a very long service life and meets the most stringent requirements in the food industry.

This port is tailored for companies that:

- ✓ Focus on food safety
- ✓ Are dedicated to energy savings and sustainable operations
- ✓ Prioritize high quality and long service life
- ✓ Want a door that requires no maintenance

DATA SHEET MS0602K
